Continuation of Substance of Interview including description of the general nature of what was discussed: On 4-12-04, examiner made courtesy call to applicant's representative commenting that since application 09/782036 is in scanning and that the fee history for 09/782036 indicates that a two month extension of time was paid on 3-19-04, it appears that an after final amendment has been filed but is not yet available in the Image File Wrapper. Applicant's representative confirmed that an after final amendment was filed. In order to expedite consideration of the after final amendment, examiner suggested faxing a copy of the after final amendment to the PTO. On 4-12-04, applicant's representative faxed a copy of the after final amendment filed 3-19-04 to the PTO (see Interview Summary Attachment - copy of after final amendment filed 3-19-04). On 4-15-04, examiner informed applicant's representative that the faxed copy of the after final amendment has been considered, the after final amendment would be entered and the 112 second paragraph rejection withdrawn. However, examiner informed applicant's representative that the 103 rejection would be maintained. .
